# Tuition Fee Payment and Liability Policy

## Context, aims and objectives

1. The University of Essex is committed to a fair and transparent policy in respect of charges made to students. This is one of several documents that make up the Student Contract, a list of these documents can be found in the student terms and conditions provided to students as part of the Admissions Offer. The University's commitment is underpinned by an approach that balances fairness to all students while safeguarding the interests of the University.
2. Students will be asked to agree to the terms of this policy as part of the registration process at the start of each academic year of study or at certain points during the year, for example January and April.
3. The policy is underpinned by the relevant University Regulations relating to Registration and Academic Affairs.

## Policy framework

### 4.Scope, Jurisdiction and Responsibilities

- 4.1. This policy applies to all new entry and continuing students who have completed registration and who are studying at the University of Essex in the academic year 2023-24.
- 4.2. Students registered for a University of Essex validated programme of study as part of a collaborative partnership are covered by the appropriate fee liability arrangements in place at the relevant partner institution.
- 4.3. The Academic Registrar or their nominee has responsibility for managing the processes associated with fee liability for students and the financial responsibility for students who may withdraw or intermit.
- 4.4. The Academic Registrar or their nominee are responsible on behalf of the University Steering Group for oversight and regular review of this policy and its effective implementation and dissemination to staff and students.

- 4.5. Complaints or concerns about any aspect of the implementation and management of this policy and its provisions are handled in accordance with the *Student Concerns and Complaints Procedure* (.pdf).
- 4.6. For the purposes of this document, where it is referred to that a student 'holds a confirmed loan from the Student Loans Company (SLC)', this assumes that the student has completed/returned their signed declaration and their loan has been fully approved by SLC.
- 4.7. For the purposes of this document, where it refers to the course start date, this is the date as stated on the Admissions Offer Letter and individual student record.
- 4.8. For the purposes of this document, where it refers to 'long vacations', this refers to Christmas, Easter and Summer vacations.

## **5. Fee Liability**

- 5.1. Once registered at the University and the programme of study start date has been reached, all students, regardless of funding source and fee status, are responsible for their fees for the relevant degree course or research degree.
- 5.2. Self-funded students are required to pay fees in full or in three equal instalments, payable each term.
- 5.3. For students who are funded by an external body or sponsor, the University will receive these fees in accordance with the requirements or rules of that external body or sponsor.
- 5.3.1. Where an external body or sponsor fails to pay or refuses funding at any point during the academic year, the student accepts personal responsibility for payment of tuition fees as a self-funded student. Failure to pay the fees in these circumstances, will lead to withdrawal of the student's registration with the University.
- 5.3.2. Examples of external bodies or sponsors include, but are not exhaustive to:
- the Student Loans Company
  - the NHS
  - external bodies or sponsors that are formally recognised for this purpose by the University, for example international students may be sponsored by their national government or home university, usually administered via the local Embassy
- 5.3.3. Tuition fees are paid during the registration process except in the following situations:

- where alternative arrangements are agreed with the relevant external body or sponsor
- where undergraduate students have applied for a student loan from the Student Loans Company
- where a postgraduate student holds a confirmed postgraduate loan from the Student Loans Company

5.3.4. Some students who require a student visa to study in the UK will have already been required to make a tuition fee deposit payment as part of the admission process. See the for further details.

5.3.5. Unpaid tuition fees may result in several actions being triggered. Please refer to the [Student Debt Policy \(.pdf\)](#) for further information.

## **5.4 Tuition Fee Deposit**

5.4.1. Some students are required to pay a tuition fee deposit before registering, to confirm their acceptance of their offer of a place on their course. Information including who is required to pay a tuition fee deposit and the amount, is outlined in the [Tuition Fee Deposit Policy \(.pdf\)](#).

5.4.2. If a student who has paid a tuition fee deposit has registered and the course start date has been reached, but they subsequently withdraw from their course within 28 days, the student will be liable for whichever amount is higher; 10% of the annual fee or their tuition fee deposit already paid.

5.4.3. Where a student is entitled for their tuition fee deposit to be refunded in full, the deposit amount will be deducted from the total tuition fee paid before any liability is applied.

## **5.5 Student Loans Company (SLC) – Undergraduate students**

5.5.1. For undergraduate students seeking SLC funding, it is their responsibility to apply for funding as early as possible and to respond in a timely manner to any requests from Student Finance England (SFE), to ensure that it is confirmed prior to registering. This application process with SLC must be completed for every academic year studied.

5.5.2. During the University's Admissions application process, applicants are asked to declare whether they are intending to receive SLC funding to fund their course tuition fees. This is to ensure that their individual student record reflects that this is their intention when they reach the point of registering.

- 5.5.3. At the point of registering, where a student has applied for funding from the SLC, but the outcome is still 'pending' rather than 'approved', the student will be permitted to register without being asked to pay any fees upfront.
- 5.5.4. Where a student has not applied for funding from the SLC, the student will not be permitted to register unless the minimum payment required of a self-funded student is made.
- 5.5.5. If a student has been approved to receive funding from the SLC for an undergraduate loan to cover the full cost of their fees, the tuition fee loan will be paid directly to the University.
- 5.5.6. For the purposes of calculating fee liability, students who have a confirmed SLC tuition fee loan that does not cover the entirety of their tuition fees, are dealt with in the same way as students who are fully funded by SLC.

## 5.6 Student Loans Company (SLC) – Postgraduate students

- 5.6.1. For postgraduate students seeking SLC funding, it is their responsibility to apply for funding as early as possible and to respond in a timely manner to any requests from Student Finance England (SFE), to ensure that funding has been approved prior to registering.
- 5.6.2. At the point of registering, postgraduate students with a confirmed Postgraduate Loan from SLC, will be permitted to register without first making payment of the initial instalment of fees.
- 5.6.3. If an application is still showing as 'pending', the student will be required to make necessary payment required to register.
- 5.6.4. The instalment payment dates are in line with the Postgraduate Loan release dates and will be invoiced as shown in table 1.

Table 1

- 5.6.5. Failure to pay the fees by the instalment payment dates may lead to withdrawal of the student's registration with the University.
- 5.6.6. Until the Postgraduate Loan is confirmed to the University, students will be recorded as self-funded and will be classified as such when considering tuition fee payment and liability as outlined in this policy.
- 5.6.7. For the purposes of calculating fee liability, students who have a confirmed SLC tuition fee loan that does not cover the entirety of their tuition fees, are dealt with in the same way as students who are fully funded by SLC.
- 5.6.8. Fee liability following withdrawal or intermission for students with **confirmed** Postgraduate Loans, is assessed as for any other self-funded student (see Table 3 and Table 4 in sections 5.9 and 5.10).

## 5.7. Student Loans Company (SLC) - Short Courses

- 5.7.1. For students seeking SLC funding for the Short Courses, it is their responsibility to apply for funding as early as possible to ensure that it has been considered and approved prior to registering.
- 5.7.2. In the event that the SLC refuses an application for funding, the student is required to accept personal responsibility for payment of tuition fees as a self-funded student.
- 5.7.3. Students are expected to pay fees up front and are liable for the full tuition fee from the first day of their course.

- 5.7.4. Failure to pay the fees may lead to withdrawal of the student's registration at the University, in line with the [Student Debt Policy \(.pdf\)](#).

## **5.8. U.S. Federal Aid and U.S. private loan students**

- 5.8.1. Students in receipt of U.S. Federal Aid or U.S. private loans, are responsible for tuition fees as a self-funded student in line with Table 3 of this policy. Fees are deducted directly from Direct Loan disbursements and the student is required to pay any outstanding balance if the loan amount disbursed is lower than the tuition fees due.
- 5.8.2. It is the responsibility of the student to ensure that they have enough funding to cover the course tuition fees and living expenses for the duration of the course. If there is a shortfall of borrowing in-year when compared to the outlined Cost of Attendance (COA), it is the responsibility of the student to ensure that they have alternative funding in place to cover the shortfall.
- 5.8.3. If a student withdraws or intermits during the year, the University completes the U.S. Department of Education Title IV Funds return calculation (see [the Return of Title IV Funds Policy \(U.S. Federal Aid\)](#)), as well as a separate calculation for the outstanding tuition fee liability. Due to student payment dates aligning with disbursement dates rather than fee liability dates, students will receive a final statement via email, showing any outstanding payment or refund due.
- 5.8.4. Payment instalments are due for U.S. Federal Aid funded students as outlined in Table 2 below.
